TABLE CARE – DON'T RUIN THE GAME

Please follow these basic rules to protect the table:

- No drinks or food on the rails or cloth
- Do not sit or lean on the table — it knocks it out of level
- No ashes, crumbs, or trash on or near the table
- Keep your hands and cues clean
- Respect the felt — it's expensive to replace

Even a few careless players can damage the surface and throw off every shot for everyone else.

Check the site before you rack.

Learn the game. Respect the table. Play better.
